## About Santa Rosa Ambulatory Surgery Center

The Santa Rosa Memorial Hospital Ambulatory Surgery Center cares exclusively for surgical patients who are having surgery and going home the same day. The center performs a wide variety of outpatient procedures in orthopedic; general; plastic; urology; ear, nose, and throat; and gynecological specialties. The five fully equipped operating rooms are located on the 17,000-square-foot second floor of the new building.

## About Santa Rosa/ Fulton Campus

This 76-bed hospital includes:  
Acute Psychiatric and Geropsychiatric Programs  
Acute Rehabilitation Services  
St. Joseph Urgent Care Center

## About Santa Rosa/ Sotoyome Campus

This 60-bed hospital provides:  
Palliative Care Center  
Subacute Rehabilitation Services

## About Petaluma Valley Hospital

Petaluma Valley Hospital is approximately 40 miles north of San Francisco just off the Highway 101 corridor in southern Sonoma County in the town of Petaluma. Petaluma is now known as one of the top 100 places to raise a family. In a recent study completed by PacifiCare, Petaluma Valley Hospital ranked in the top 10% of Hospitals in Northern California for best practices. We have patient, staff and physician satisfaction at the height of our awareness and continually score high in all these areas.

## About St. Joseph Eureka

St. Joseph Hospital is a full-service acute care facility. Services include our Emergency Department, cardiac surgery and recovery therapy in The Heart Institute, an accredited Cancer Program, and Women's and Children's Services in The Childbirth Center, including Pediatric Care and the only Level II NICU Nursery on the North Coast.

## About Redwood Memorial

This hospital provides:  
New state-of-the-art surgery wing  
Radiology Department  
24/7 Emergency Room  
Full Service Laboratory  
New Beginnings Maternity Center with a Labor Spa Room and large whirlpool tub

## About St. Mary Apple Valley

St. Mary Medical Center's services range from wellness and prevention programs to state-of-the-art diagnostic, medical and surgical procedures. Part of the St. Joseph Health System, St. Mary is home to the High Desert's only full-service cardiovascular surgery program and the area's only Level II Neonatal Intensive Care Unit.
