## About Integris Bass Baptist Health Center

The INTEGRIS Bass Baptist Health Center campus includes 207 licensed beds throughout three facilities. The hospital enjoys the distinctions of being the only non-profit, faith-based hospital in Enid and having served the Enid area longer than any other general hospital. INTEGRIS Bass Baptist Health Center offers acute care and diagnostic services, skilled nursing, a cancer center, a state of the art Heart Center, a cardiac catheterization laboratory, cardiovascular and thoracic surgery, geriatric behavioral health services, OB/GYN services, home health services and occupational health services.

In 2003, the hospital completed an 8.2 million dollar expansion project that tripled the size of the Emergency Department and included a new Womens Center.

## About Integris Canadian Valley Regional Hospital

Canadian Valley Regional Hospital opened as a general acute care facility on November 9, 2001. The facility consists of approximately 128,000 square feet and includes 44 inpatient beds as well as a medical office building. The hospital has 30 private medical surgical rooms, a 10-bed Women's Unit and a newly constructed

4-bed Intensive Care Unit. The surgical department of the hospital includes a dedicated c-section operating room and three general surgical rooms as well as an endoscopy area and an 8-bed outpatient procedure unit. Services also include a level four Emergency Department; Radiology services consisting of mammography, radiological, fluoroscopy, cat scan, ultrasound, bone density, nuclear medicine, and a mobile MRI. General laboratory services are available along with cardiopulmonary capabilities and a physical medicine department that includes aquatic therapy services.

## About Integris Southwest Medical Center

Formerly known as South Community Hospital, Integris Southwest Medical Center has grown from a 73-bed community hospital to a comprehensive medical center offering a full range of medical, support and rehabilitation services with 369 beds.

The Central Oklahoma Cancer Center, The Stroke Center of Oklahoma, The MDA/ALS Neuromuscular Center, INTEGRIS Jim Thorpe Rehabilitation Hospital and the Sleep Disorders Center of Oklahoma are INTEGRIS Health Centers of Excellence on the INTEGRIS Southwest campus. Each of these facilities uses state-of-the-art technology in its battle against illness and is led by highly skilled, experienced and caring individuals who are committed to staying at the forefront of medical technology to give patients the best care available.
